

Alliance Trust Savings Fund Supermarket

List of Funds

As at 24th December 2009

List of Funds

The funds (OEICs and unit trusts) listed in this booklet are eligible for investment in the following accounts:

- Select SIPP
- Child SIPP
- Stocks & Shares ISA
- Investment Dealing Account
- First Steps Account

Our List of Funds are updated on a monthly basis and reflect the discounts and rebates available on funds at the time of printing. Please note that these are subject to change, by the individual fund providers, at any time.

Rebates are calculated by the fund provider over a period determined by them using their own method of calculation. This period of calculation may be monthly, quarterly, six-monthly or annually. Alliance Trust Savings will then allocate the rebate received on its total holding based on the value of units or shares held by individual clients and the period of holding. The value of any rebate received will be affected by any fluctuations in the value of funds over the period. Before buying a fund you should read our *'Guide to Funds'* and the relevant *'Simplified Prospectus'* for the fund(s) you want to buy.
